SPEAKERS

Prof. Gianluca Gambarini

A Full-time Professor and Head of the Endodontics Department at the University of Rome, La Sapienza School; Director of Master of Endodontics in Sapienza.

Dr. Mohammed Abd El Mawla

-PhD researcher at faculty of dentistry
AL Menia university.

-Teaching assistant at faculty of dentistry
Egyptian Russian university.

-Master's degree of endodontics
faculty of dentistry Ainshams university.

EVENT PROGRAM

TIME	ACTIVITY	LECTURE
1:50 - 1:30 PM	Registration	
2:00 - 3:00 PM	Lecture	Rationally invasive endodontics
3:00 - 3:30 PM	Coffee Break	
3:30 - 4:30 PM	Lecture	A Road map for managing of challenging Endodontic cases
4:30 - 5:00 PM	Coffee Break	
5:00 - 6:00 PM	Lecture	Motor and motions for simplified instrumentation
6:00 - 8:00 PM	Dinner	

LECTURES

Prof. Gianluca Gambarini

- The advantages of new martensitic NiTi rotary and NiTi reciprocating instruments with superior flexibility and resistance to fatigue
- How to clinically benefit from the use of innovative instruments.
- The differences between working in and working out to maximize efficiency and safety.
- The differences in clinical approach between minimally invasive and rationally invasive, using a simplified technique with only 2 NiTi rotary files.
- Motors and motions to allow practitioners to maximize efficiency safety and simplicity using a single-file technique.

Dr. Mohamed Abd Elmawla

- Highlight important clinical concepts that contribute in achieving a successful endodontic treatment.
- Mind mapping when dealing with daily endodontic cases to reach a predictable simple and safe root canal treatment.
- The importance of cleaning and be familiar with the efficient irrigation protocol.
- Familiarity with the edge x7 files and it's new properties

LOCATION

W HOTEL – YAS ISLAND – ABU DHABI
